Experience

2023 - 2024

Munster Technological University

IT Service Desk

Aided students and member of staff within MTU with large range of minor IT issues. Tasked with filling printers throughout the college and troubleshooting any issues with those printers. Politeness and courteousness were vital in the role.

2022 - 2023

Cork City Council, Rental Inspections Department

Junior Technician

Great familiarization with Technical Guidance Documents was needed as many dwellings inspected would not meet the standards required. Excellent phone etiquette was necessary as clear and concise communication was required to liaise between the Cork City Council and landlords/tenants. Inspections were carried out with an experienced inspector and I was given the responsibility to complete these reports which were later archived within the Cork City Councils internal server system.

2015 - 2022

Marks & Spencer, Patrick Street

Sales Assistant

Part of the menswear team, required to organise a season stock moves and promotions. Skilled in building a rapport with customers to understand their needs and provide tailored solutions. Strong team player, collaborating with colleagues to achieve store objectives while also capable of working independently.
